RETROCESSION. - The Washington correspondent of the Baltimore Sun, of this morning,

The retrocussion suit, as it is called, of Philips vs. Payae, involving the validity of the act of Congress of 1846, retroceding the town and county of Alexandria to Virginia, is No. 181 on the calendar of the Supreme Court of the United States, and will be reached about the middle of January. Philips, who had paid taxes under protest, to Payne, the State colheter, sues Payne to recover back the taxmoney, on the ground that the State of Virginia has no right to collect taxes in Alexandria county. The case was decided, as a matter of form, in the Supreme Court of the District against the plaintiff, in order that an appeal might be taken to the Supreme Court of the United States. The grounds on which the plaintiff proceeds are: First, that Congress had no power to make the cession, and second, that even admitting the power to cede, the act of retrocession was invalid, for its operation was made to depend on its acceptance by a majurity of the voters of Alexandria, and that Congress had no authority thus to delegate its powers, and that such delegation was void. It is understood that should the Supreme Court determine to decide retrocession unconstitutional the formal announcement of the decision will be postponed until such action is taken by Congress as will avoid all trouble in regard to en fleting jurisdictions, and will make valid all acts done in pursuance of the State law while Alex cadria remained a portion of Virginia."

COUNTY POLITICS, -A correspondent of the Washington Republican of this morning says: "According to adjournment, the Republican County Convention will reassemble in Alexandria to morrow, at 12 o'clock, for the purpose of nominating two candidates for the House of Delegates. It will be remembered that the delegates from the county at the last meeting of the convention requested an adjournment, or the ground that they had not had an opportunity to canvass the county in regard to the choice of the people as to whom they wished for their standard bearer. While the request met with much opposition from the delegates from the city, it was finally agreed to, and since the adjournment the county delegates have been at work seeking the man who, in their opinion, could carry the election and be of most service to the interest of the party and also to the county at large, and they have centred upon Usptain H. Dwight Smith, formerly of the Treasury Detion of supervisor of the county, which position he resigned on the promulgation of the President's order prohibiting employees of the Gov-ernment from holding Federal and State positions. Although debarred from holding any position under the State government, he has slways taken a great interest in all matters looking to the improvement of the State and in favor of law and order, being invariably choses the presiding officer of all public meetings held in the county. Ohio Gone Democratic.

WASHINGTON, Oct. 14, p. m. - A press telegram just received here from Cincinnati, says: 'The wildest excitement prevails over the annonncement that Allen is elected Governor. The mining and river counties give immense Democratic gains. The friends of Governor Allen claim his election by 2,000 votes.'

Private dispatches received here all tend to confirm this statement.

NEW YORK Oct. 14. - A Cincinnati special says: At the Enquirer office last night the Democrats claimed the State for Allen. Young, Lieutenant Governor, has 2,991 majority over Carey. The Republicans will have an average majority of about 8 on the Legislative ticket.

A Tribune Columbus special says: Thompson, the Democratic chairman, says they have yet hope to prove Allen's election by a small majority. The Democrats are jubilant. Wik off, the Republican chairman, admits later re turns will cut down Hayes' prospective ma-

COLUMBUS, O., Oct. 14-1 a. m. - Additional returns don't materially change the result for Governor. The following short correspondence is a portion of the election amenities of the Ohio campaign: The Democratic State Executive Committee to-day sent the follow ing dispatch:

COLUMBUS Oct. 13 1875. To Hon Hendrick B Wright, Chairman State Democratic Committee, Ph ladelphia: The State has gone for Hayes by a small majority. The returns indicate that the Democracy polled a vote 30,000 larger than was ever east for any man elected Governor of Ohio. Our defeat was the result of the most lavish expenditure of money which ever characterized a political contest, the colonization of fraudulent votes, and the introduction of the false issue on the public schools, which excited the prejudice and bigotry of religious hate. MEMPHIS, TENN., Oct. 14. - A committee composed equally of white and e clorec1 citizens of Coahoma county, Mississippi, have issued a circular invoking the efforts of all good cicizens of the county in behalf of peace and to protect private property of the people from the incendaries' torch. It charges the colored theriff Brown with having sought to rouse the ecstored people to lawless acts by declaring to the vain his harangues that while the gin houses are the property of the whites the torch is the remedy for grievances in the hands of colore wi men. It appears that Col. Stovill's steam gi. 7 house was burned by incendiaries a few weeks age. On the night of the 10th instant his stable and thirteen mules were burned, and an attempt was made to burn his dwelling. The circular urges well disposed citizens to organize for common protection against incendiaries, and nightly patrol the plantations.

LEDGER'S FLUID (RED), THE UNI-VERSAL DISINFECTANT. (Permanganate of Soda.) It is the only true disinfectant known, all other preparations sold for this purpose being merely deodorizers (or articles which possess the property of overpowering unpleasant smells by their own pungent and often disagreeable and dangerous qualities.) It is particularly adapted for disinfecting sick rooms in cases of typhus fever, small pox, cholera, scarlet fever, diarrhou, and all contagious diseases, and for purifying rooms in which there are dead bodies removing at once all unpleasant smells, and destroying effectually any latent germs of dis-ease. By placing the diluted fluid in dishes or basins, about bed chambers, school rooms, work shops, hospital wards, &c., it keeps the air in a periect state of purity. For stables, slaughter houses, butchers' shops, dairies, cellars, &c., it is invaluable, keeping them in a perfectly wholesome state, by merely sprinkling the di-luted fluid over the floors and walls. It keeps dust bins, water closets, drains, urinals, &c.,

sweet and wholesome, by using once or twice a day. For sale by JANNEY & CO., 145 King street. sep 13 JANNEY'S OLD DOMINION TONIC
